Terms & Conditions

1. The terms of this sale are cash.
2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge, but at purchaser's risk of loss or injury.
3. The Highland View herd is federally accredited for Tuberculosis, No. 540943. All other animals will have been T.B. tested within 30 days of sale date and all females have either been officially calfhood vaccinated or have passed a clean Bangs test within 30 days of sale date. Health certificates will be provided with each lot sold enabling them to comply with the health regulations of any state into which they may go.
4. A certificate of registry and transfer will be furnished for each animal sold as a separate lot and properly signed applications will be furnished for the registry of all calves at foot and all unborn calves.
5. As the Highland View herd is being completely dispersed, all animals will sell at halter with no further guarantee. As the Cochel and Staley cattle being sold in this sale are a part of their regular salable annual productions, they will be sold under the standard guarantee endorsed by the American Shorthorn Breeders Association. Be sure to leave definite shipping instructions with the sale clerk at time of settlement immediately following the sale. Every precaution will be taken to see that animals arrive in sound and healthy condition.

6. Announcements from the auction box will take precedence over printed matter in the catalog.

Mr. Merv F. Aegerter
Seward, Nebraskas

Dear Merv:

It is with genuine regret that we have learned that Mr. D. W. Bishop of Gashland is planning to desperse his complete Highland View Herd of Shorthorns at his sale on October 21st. I would like to suggest to you, as manager of that sale, our feature about the cattle to be sold which should be called to the attention of prospective purchasers.

As you know, I am a close neighbor here of Mr. Bishop and it has been my privilege to be a close observer of the program which he has followed in the development of this herd. We all know the extreme top quality and the extreme top pedigrees of the animals which he acquired for his foundation and the top quality and top pedigrees of the bulls which he has used. The high quality of the animals to be offered in this sale and the excellence of their pedigrees will be apparent to all. But there is another feature about these cattle which is not quite so apparent except to an observer of the methods which have featured their production.

Mr. Bishop is a perfectionist. This has been amply demonstrated in his long and highly successful business career and in the development of the wonderful estate at Highland View Farm. This same perfectionism has also been carried into the operation of his breeding herd. From these top quality, top pedigreed animals, which he has acquired and produced, he has demanded performance and top production. Any animal which did not perform and which did not produce top quality offspring has been rigidly culled from the herd. I doubt that in any other herd anywhere has such a rigid program been followed. A constant selection of the best from the best.

I am personally familiar with every animal to be offered in this sale and with their history in the herd. The mature animals have all made records of performance and as producers of top quality. The younger animals come from families which have made those records. There will be afforded at this sale the opportunity to purchase with the assurance that these animals carry that breeding and production ability which we all seek.

With kindest regards, I am

Sincerely yours

James K. Houghton

BISHOP-COCHEL-STALEY

WEDNESDAY, OCTOBER 21, 1953

Calrossie Captain John (by Calrossie Welcome), and D. W. Bishop.

Dear Friends:

Only doctor's orders could have ever forced us to sell our Shorthorns. The annual Bishop-Cochel-Staley production sale had long been planned for October 21st. Because of this sudden change of events, we decided to go ahead with the regular sale, only now it will necessarily include the offering of every animal in the Highland View herd. Everyone knows of the great love we have had for our Shorthorns and the deep admiration for the countless number of friends we have made in the business, thus our decision to sell the entire herd has been doubly hard to

make. However, one point stands out clearly *"at no time has the Highland View Farms herd been stronger than it is today."* With the recent purchase of Calrossie Imperial that sells as Lot No. 2, we have every reason to believe that the herd was set to go on to even greater accomplishments.

We shall be most pleased to see all of our friends here at the farm on October 21st.

MR. and MRS. D. W. BISHOP

COMMENTS BY THE SALE MANAGER . . .

D. W. Bishop, W. A. Cochel and Oren Lee Staley were "a natural" as a group to join in these annual production sales. It was a great combination of experience, wisdom and youth that could mean so much to the business. It is hoped with the dispersion of the Highland View herd at this time, that Mr. Bishop will be able to fully regain his health so at some future time these three-way partnership sales can once again be resumed.

The 72 Highland View Farms cattle selling in this sale are tops, as to individuality, pedigree and performance. Mr. Cochel's valuable consignment from Roanridge built around his four-year-old proven sire, Sunset Bounce 26th and Oren Lee Staley's offering of young Mercury-Goldfinder cattle, featuring the services of his outstanding new herd sire, Oakendene Count, further add to the worthiness of the entire sale offering.

If you are among those on the look-out for something just a little bit extra in herd bull power or in female foundation or replacement quality ... then this is the one sale for you to attend this fall.

ERIMUS DANDY — this great young bull will not be five years of age on sale day. Every cattleman that has ever seen him liked him. His calves in this sale will speak for themselves and his purchase offers one of the real buyer opportunities in this dispersion. His sire stood second in class to the reserve junior champion at Perth. His paternal grand-sire was the perth champion, Pittodrie Banker. He was purchased by Highland View Farms in the 1950 Mathers Bros. sale and although he was not highly fitted, he stood second at Ohio and Kentucky and fifth at the National show at Memphis and at the Chicago International in the senior yearling class, all during the year in which he was imported. If you want your next calf crop to be thicker with bulging quarters, good heads, and a nice turn to them, you better consider seriously trying to buy this great young bull.

CALROSSIE IMPERIAL — is by Calrossie Adonis, a first prize bull at Perth and one of the champion bull group. Calrossie Adonis sold to Mr. Finlay, MacGillivray, for 5,000 gns, he sired the junior champion bull at Perth in 1952 and is a full brother to Calrossie Contribution that is being used so successfully by James Biggar. This bull was used by Mr. Grant Campbell on many of his females in Scotland and he now has calves by him at Campbell farms. These calves look so outstanding that he bred several more females to him while they were in quarantine at Quebec. Calrossie Imperial arrived at Highland View Farms late in August and some of the top females selling in this sale will be mated to him. Here is the bull we had pinned our hopes on at Highland View Farms for further improvement. This dispersion now makes this great bull available to you.

HVF DANDY 3d — this is our oldest son of Erimus Dandy. He lives up to his name. Many folks have told us he is our best young bull to sell. We agree. He improves every day — which seems to be characteristic of calves by Erimus Dandy. Deep, rich red color, bone and substance, low set, with deep, full quarters. Has the look of a breeding bull. Could fit in the Summer Yearling Class very nicely. His mother, M F Floss, is one of our very best breeders. She has an excellent calf at foot now. Another daughter is in our cow herd, and sells. This bull should breed on.

CALROSSIE CAPTAIN JOHN — purchased in the 1953 Highland View Farms Sale for \$6,000 by W. A. Cochel. The one-half interest that was later retained by Mr. Bishop has been relinquished and this great young son of Calrossie Welcome will now spend full time at Roanridge. His first calves in this sale will be among the outstanding attractions. He is a full brother to the 1952 Perth champion, and the 1952 Perth top selling bull. His sire, Calrossie Welcome sired five of the top selling bulls at Perth in 1952, and they averaged 837 gns each.

OAKENDENE COUNT - we searched a long time for the right bull to use on our thick fleshed, meaty females of the Mercury - Goldfinder cross. We wanted a good headed, short legged bull with a lot of substance, and one that wouldn't cause us to lose that great wealth of natural fleshing that has characterized our production. We think we found such a bull when we bought Oakendene Count in Canada early last winter. He is by the J. V. Rank bred, imported Bapton Chancery and his dam is a granddaughter of one of Scotland's greatest sires, Bapton Air Pilot. We are sorry we didn't get a picture of this bull for the catalog but we would like to invite you to the farm to see him because we think he is a "real beef bull."
